## Thank You For Your Support

We are truly grateful to all of our donors, volunteers and community partners. We would like to extend our sincere appreciation for the support we receive for the Clinton Public Hospital. We are privileged to be part of such a caring and compassionate community.

The Foundation recently received a \$5000.00 bequest from the Estate of Ina Mae Durst. The donation left by Mrs. Durst will be used towards

## Volunteering with the Foundation

The Clinton Public Hospital Foundation Board of Directors consists of a group of individuals who volunteer their time to serve as representatives of the organization and encourage the involvement of others, in the work of the Foundation. The directors of the foundation accept and promote the mission, goals and objectives of the organization. In the director role, an individual assists in the Foundation's commitments for advancement of health care and the well-being of those served by the Clinton Public Hospital, through the raising, managing and distribution of funds for equipment and infrastructure to our hospital. For more information about the criteria for board membership, please contact the Foundation Office directly.

There are many other opportunities to volunteer your time to assist the Foundation. Volunteers are always needed in the organization, set up and on the day of our fundraising events. We also have community events throughout the year, where the presence of the Foundation and their volunteers are beneficial to the success of the Foundation's goals. Through the contribution of your time and talents, you are greatly supporting the work of the Foundation and many hands make light work. If you would like to be added to our volunteer list, please contact Darlene in the Foundation Office.
