Summer 2021

Clinton Lions Club Makes Final Donation

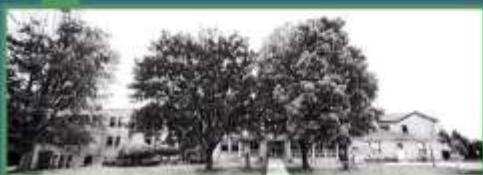

On Thursday, June 17th, members of the Clinton Lions Club presented the Clinton Public Hospital Foundation with a cheque in the amount of \$7000. The donation from the Lions Club comes from their portion of funds raised from their most recent Catch The Ace lottery, in which they partnered with Clinton's Royal Canadian Legion. With donations from their previous Catch The Ace raffles, this brings their total donations from this lottery to \$17,000 for the Clinton Public Hospital.

This was the final donation made to the Foundation from the Clinton Lions Club, as the service club disbanded at the end of June. It has been a great pleasure to have the Clinton Lions Club as such a caring community organization. Throughout the years, members of the club have volunteered their time and talents to make a difference in this community, raising funds for Clinton Public Hospital and other local charities. The Clinton Public Hospital Foundation Board of Directors and staff wish to express our sincere gratitude to the Clinton Lions Club for their commitment, hard work and compassion. This community service group has left a positive imprint on the lives of our families, friends and neighbours. We will miss having the club as part of this community.

Throughout the years, the Clinton Lions Club has donated an accumulative total of \$54,225 to the Clinton Public Hospital Foundation, in support of capital equipment and projects at the hospital.

Submitted Photo (left to right): Merv Kumm (CLC Treasurer), Rob Brown (CLC Secretary), Clayton Groves (CLC President), Sibyl Tebbutt (CPHF Director), Bob Clark (CPHF Planned Giving & Public Relations Chair), Carl Merner (CLC Member) and Darlene McCowan (CPHF Coordinator)

The Clinton Public Hospital Foundation, a charitable, non-profit organization, is committed to the advancement of health care and well-being of those served by the Clinton Public Hospital through the raising, managing and distribution of funds for equipment and infrastructure to the Clinton Public Hospital.

Recent Projects Funded By Donor Dollars

Clinton Public Hospital Foundation [transferred \\$1,009,410.12](#) to the hospital in 2020-2021 to support numerous capital projects and the purchase of capital equipment for CPH.

While operating costs of Ontario hospitals are publicly funded, medical equipment and upgrades to hospital infrastructure often are not. Proceeds from our fundraising efforts, private donations and bequests allow us to make necessary purchases and upgrades to ensure quality local healthcare is available to our community and surrounding areas.

Funds raised throughout the 2020-2021 fiscal-year supported the following projects and equipment at CPH:

- COVID relief and PPE
- [Operating Room](#) and [Medical Devices Reprocessing Department](#) Refresh
- Slit Lamp for Eye Trauma
- ECG Machine, trolley and cart
- 15 Single Channel IV Pumps
- [BMD Unit and Suite](#)
- Portable Ultrasound Unit
- Microsoft Surfaces & Charging Stations

Thank you to the individuals, organizations and businesses throughout Southwestern Ontario for your phenomenal support. We are truly fortunate to live in such a caring community.

Operating Room & MDRD

Funded \$833,449.33 towards project, with \$729,000.86 transferred in 2020-2021

Bone Mineral Densitometry Suite

Purchased in 2020-21 for \$114,529.51

Current Needs

The Clinton Public Hospital Foundation Board of Directors regularly reviews project goals with HPHA. Together, we have identified the following projects to be funded through the Foundation in 2021-2022:

2 Cardiac Monitors - \$53,750

Automatic Dispensing Cabinets - \$297,178

Bariatric Stretchers - \$13,634

In-patient Beds - \$94,947

Bladder Scanner - \$16,008

Coffee Table Set for In-patient Lounge - \$2,300

Should you wish to support our current needs, please contact the Foundation Office for updates and further details. The Clinton Public Hospital Foundation and Clinton Public Hospital Staff are truly grateful for the financial support received from our donors, which make these projects possible. Thank you!
